## Education

## Professional experience

## Training

**RegML 2016** - Regularization Methods for Machine Learning

Taught by Prof. Lorenzo Rosasco at University of Genoa, Italy

**Brains, Minds and Machines Workshop, 2016** in Sestri Levante, Italy

**Machine Learning, 2016**

Taught by Prof. Andrew Ng

Online offering by Stanford University through Coursera Inc.

**Veni Vidi Vici '15** - The iCub Summer School organized by IIT

**MLCC 2015** - A Machine Learning Crash Course

Taught by Prof. Francesca Odone and Lorenzo Rosasco at University of Genoa, Italy

**Introduction to Artificial Intelligence, 2011**

Taught by Prof. Peter Norvig and Sebastian Thrun  
Online offering by Stanford University

## Language skills

English ●●●●○

Italian ●●●○○

German ●●○○○

## Technical skills

Python ●●●●○

C++ ●●●○○

HTK ●●●●○

Arduino ●●○○○

Matlab ●●●●○

TensorFlow ●●○○○

Git ●●●○○

## Interests

Japan, Board Games, Hiking, Books

## Publications

Higy, B., Ciliberto, C., Rosasco, L., and Natale, L., "Combining Sensory Modalities and Exploratory Procedures to Improve Haptic Object Recognition in Robotics", in *IEEE-RAS International Conference on Humanoid Robots*, Cancun, Mexico, 2016.
